Still have a tower at Lynn's home for dismantling and taken away.

We have a man, did not get his name, from Shell Knob who wants to raise the 440 antenna to top of tower, cut excess coax and install proper connectors for free but will accept our old repeater, the Kenwood as a favor.

Fred suggested we could have a pick nick at the Pavilion in Holiday Island. He will check in to any costs.

Rudy said he would have a presentation for our next club meeting.
